AVT WEANING

AVT WEANING

AVT Natural is a vertically integrated grower of plants and producer of natural ingredients for food and feeds with expertise in botanical extracts. Offering seed-to-feed solutions in animal nutrition, AVT Natural ensures the quality, consistency, and efficacy of our botanical solutions.

AVT Weaning is a formulated blend of full-spectrum botanicals that improves digestive health and growth performance in nursery piglets and other weaned livestock.

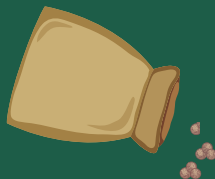

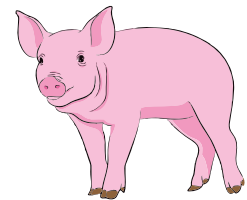

PRODUCT BENEFITS:

- Full-spectrum encapsulated botanical supplement
- Micro-encapsulated in a fat matrix
- Pellet stable and dust free
- Free-flowing, homogeneous particles

BENEFITS IN WEANING ANIMALS:

Decrease inflammation in the intestine
Decrease susceptibility to and severity of *E. Coli*-induced diarrhea
Increase body weight & growth efficiency
Prevents performance loss in weaning animals

RECOMMENDED DOSES

The recommended dose is 100 ppm

PACKAGED IN A 25-KG BOX
